BIG COTTON FIRE SUNDAY MORNING

One Hundred Bales in Brick Warehouse Damaged or Destroyed. Damage is \$4,000.

Fire was discovered in the Brick Warehouse by a passerby who was going to one of the trains yesterday morning at 4 o'clock and the alarm was given promptly. Quick and efficient work by the firemen averted a serious disaster. About 100 bales of cotton were damaged by fire, all being completely destroyed, and quite a lot of damage was done by water.

The burning bales were taken from the building and the fire prevented from spreading in this manner. The loss is estimated at about \$4,000, partially covered by insurance. The warehouse contained about 1,200 bales of cotton. The cause of the fire is unknown, but when discovered it was burning furthest in the cotton that was brought in Saturday, and the belief of cotton men is that one of the bales brought in Saturday was after being placed in the warehouse. All the wet and damaged cotton has been removed from the building to be dried out and as much of it saved as possible.

MITCHELL TO TAKE ON THE BIG FELLOW

Word was received from Pat Brown that he has a match in Houston for the championship on November 15, and that he will not only take the champion with a bang but also the title, decided to take it to the cotton country.
